#CRIME

cnn.com / By Ray Sanchez, Steve Almasy and Faith Karimi, CNN • (CNN) — A gunman who killed four people in Northern California rammed a pickup through a locked gate and marched onto the grounds of an elementary school, but he could not enter the classrooms, authorities say. He fired his rifle through windows and walls, and tried to break the doors, but the buildings at the Rancho Tehama Reserve school were secure. Only ...

Deezer takes on Tidal with a new desktop app that streams lossless audio

#TECHNOLOGY (INDIA)

thenextweb.com / Abhimanyu Ghoshal • In a bid to shake things up in the streaming music world, Deezer has launched a new desktop app for Mac and Windows that lets users on its Premium+ plan play lossless versions of their favorite tracks – a feature presently offered only by rival service Tidal. The company says it'll stream 16-bit FLAC versions to your desktop in the new app, instead of traditional 320kbps MP3s; it won't cost you extra until the end of this year, but you'll then need to pony up for ...
